## Monthly Fleet Vehicle Maintenance

OnDemand Mechanic offers fleet service for our customers with 3 or more vehicles. We offer the convenience of an expert mechanic providing maintenance services at your location.

### What's your time worth?

Do you pay your employee to take your fleet vehicles to a mechanic shop for simple maintenance or repair?

OnDemand Mechanic is a mobile mechanic service specializing in helping fleet customers maintain their vehicles. We come to you, on your schedule, to provide maintenance and repairs -- saving you time and money!

OnDemand Mechanic will also notify customers, in advance, of any maintenance milestones, i.e. "Replace spark plugs at 100,000 miles per vehicle Owner's Manual recommended maintenance schedule" that are NOT covered under the OnDemand Mechanic Monthly Fleet Maintenance Agreement.
